

# Pocket Sequencer™ Helpful Hints

## FEATURES

- 16 channel compact MIDI sequencer
- RAM card allows 7000 note capacity
- Overdub, Punch-In and Quantize modes
- Accepts external sync

## APPLICATIONS

- Carry-anywhere music production
- Trade sequencer or patch data with friends
- Portable demonstration tool
- Slave to another sequencer to expand memory

## OTHER PRODUCTS

### POCKET MERGE™

An extremely useful tool that allows you to connect two MIDI cables into a single input of any MIDI device. A necessary option for Pocket Sync™

### POCKET SEQUENCER™

16 Track small wonder! 7000 note capacity, quantization, overdub and punch-in ensure that your ideas become reality. 256k RAM card included.

### POCKET SYNC™

"Smart" FSK to MIDI tape sync device. Chaselocks to tape just like SMPTE only less expensive and less complicated. Jam Sync mode overcomes dropouts.

### POCKET MAPPER™

Remaps controllers allowing unconventional modulation capability. Mod wheel could be mapped to breath control or vice versa! 15 MIDI controllers ie, Pitch Bend etc., supported.

### POCKET CURVE™

Add velocity scaling to any MIDI keyboard controller! Select from 18 preset curves and 6 constant velocity outputs. Ideal for increasing a DX-7's MIDI output level.

### POCKET MAC™

An economical version of POCKET PLUS™ designed as a Macintosh® MIDI interface without the merging capability. An LED indicates MIDI activity.

### POCKET RECORD™

Scratchpad one-track sequencer allows for music creation "on the fly." Will accept a 16 channel sequencer dump as well as system exclusive in a compact device.

### POCKET PLUS™

A Macintosh™ computer-to-MIDI interface with Pocket Merge™ circuitry built-in. Provides power to other Pocket Products™. (Most interfaces do not)

### POCKET FILTER™

Removes unwanted data from the MIDI stream. Different data can be filtered on different channels simultaneously. Channelize older synths that receive in Omni mode only!

### POCKET CHANNEL™

Convenient MIDI channel re-mapper updates older keyboards to send on any and all MIDI channels. Can also filter channels or allow velocity cross-switching.

### POCKET SPLIT™

Splits any MIDI keyboard into an 8 zone controller. Any and all MIDI channels can be sent from any zone. Special "Floating Split" point follows two-handed playing!

### POCKET PANIC™

Stops "Hung Notes" fast. Sends ALL NOTES OFF command as well as individual note-offs for each note. Can reset controllers or filter out the "All Notes Off" command if desired.

### POCKET THRU™

Expands the MIDI outputs of your system. Prevents problems caused by "daisy chaining". Buffer circuitry cleans up MIDI data. A must for any size studio.

### POCKET TRANSPOSE™

Allows quick transposition of all MIDI channels while performing. Also, each MIDI channel can be transposed to a different key +/- 5 octaves.

### POCKET PEDAL™

Allows any volume pedal or footswitch to become a MIDI modulation source on any or all channels. Great for real-time control of MIDI effects units!

### STUDIO MERGE™

Rack mountable device that merges up to 8 MIDI devices to one input. All inputs are "on line" at all times. Better than a patchbay!

### UPS-1000™

Uninterruptable 110v power supply with line conditioning and battery backup allowing valuable data to be saved in the event of a power dip or blackout.

### LIMITED WARRANTY

Anatek Microcircuits Inc. warrants this product to be free from manufacturer's defects for a period of ONE YEAR from the date of purchase. This warranty is void if the unit is opened or tampered with, if the unit is immersed in any liquid, or if the unit is connected to any device that does not meet standard MIDI specifications. Should the products prove to be defective within the warranty period, Anatek shall repair or replace the unit at our election and sole expense (with the exception of shipping charges, which Anatek will pay one way). Anatek makes no other warranties, express or implied, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose. In no event shall Anatek be liable for loss of profits or benefits, indirect, special, consequential, or other similar damages arising out of any breach of this warranty or otherwise.
