- Ultra-musical 3-band EQ for ultimate sound shaping
- CD input allows you to play along to your favorite music
- Separate headphone output—perfect for quiet practicing
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

The 15-Watt AT108 guitar amp puts vintage tone and character into a lightweight and ultra-portable package. It's a beautiful-sounding amp for not only beginners in their bedrooms, but for seasoned performers who need that little something extra for their next gig. Our revolutionary VTC Virtual Tube Circuitry gives the AT108 a rich and warm, tube-like sound. A powerful

20-Watt **BUGERA** 8" speaker is provided for accurate tone and pristine sound reproduction, along with a ultra-musical 3-band EQ for the ultimate in easy sound shaping. For those times when you want to keep all this marvelous tone to yourself, we've included a separate headphone output.

Revolutionary VTC Technology

The secret behind the AT108's incredible sound is our VTC Tube Modeling processor, which exudes the very essence of tube saturation and compression. But VTC does so much more than just generate a copy of a specific amplifier's character. It accurately emulates the interaction between classic tube stages, responding to subtle tonal changes that occur when one stage hands the signal off the next. The resulting signal is so rich in harmonic content – you'll wonder where we hid the tubes!

Classic Control

This 15-Watt guitar amp is a singer/songwriter's dream come true. The AT108 features an instrument input, as well as a mic input, each with its own volume control. Just plug in a dynamic mic and an acoustic guitar, and you're ready to rock the coffee shop. A three-band EQ (Low, Mid, High) gives you precise tone-shaping capabilities. If you're just learning to play, or need to hold a low-key rehearsal, the AT108 features a 1/4" input for playing along with your favorite songs – and a headphone output for private jamming.

Sound Value

Whether you're a beginner buying for your first amp, or an old pro looking for something ultra-portable you can take on the subway, don't skimp on tone! The AT108 puts lovely vintage tone within everyone's budget. Plug into an ULTRACOUSTIC AT108 at your nearest [BEHRINGER](#) dealer – or place your order online today!

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own **MUSIC Group** factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous [3-Year Warranty](#) program.
