HI BAND FLANGER HF300

Ultimate High-Band Flanger Effects Pedal

- Experience a complete new flanging sound that takes your guitar and keyboard to a new level
- This BEHRINGER product has been designed to compete head to head with leading products on the market
- Different from conventional flangers, the HF300 flanges one octave higher creating a much brighter and cleaner sound
- Dedicated Resonance, Rate, Depth and Manual controls for awesome sound shaping
- Status LED for effect on/off and battery check
- Runs on 9 V battery or the BEHRINGER PSU-SB DC power supply (not included)
- First-class electronic On/Off switch for highest signal integrity in bypass mode
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

If the sound of a traditional flanger isn't quite wild enough for your liking, the HI BAND FLANGER HF300 will catapult your performance to a much higher plane. Every type of flanging sound is available, from a gently purring kitten, to the sound of a fighter jet shrieking past you on the flight deck of an aircraft carrier!

Simply Stunning

The one-of-a-kind HF300 literally takes your playing to a higher level, a higher octave to be more precise. From mild to wild, the dedicated Resonance, Rate, Depth and Manual controls give you the flexibility to create your very own brand of lofty lunacy. And since the HF300's effect is generated a full-octave higher than normal, you get the brightest, cleanest flange sound you've ever heard!
