If the meat and potatoes of rock 'n' roll is to your liking, you'll live happily ever after with all the timeless tone we've packed inside this impressive little box. It just doesn't get any more classic than the BEHRINGER Tube Overdrive TO100. You've got everything you need for amazing tone: Drive, Tone and Level controls – after all, isn't that what rock 'n' roll's all about?

Tube-Like Tone

Unlike the heavily-saturated distortion sounds found in most metal and hard rock pedals, this nifty little stomp box produces the glorious harmonic grind, that occurs naturally when a tube amp is cranked up – nice and loud. And the TO100 is extremely versatile and ultra-responsive.

Ease of Use

With its simple Drive, Tone and Level dials, you can harness any degree of overdrive – from slightly dirty to super-hot 'n' crunchy! The amber LED tells you it's activated, and the durable on/off switch maintains crystal-clear signal integrity in bypass mode. You can power the TO100 with a 9 V battery or our PSU-SB power supply (not included).

Sound Value

If the essence of rock is what you seek, then look no further than the Tube Overdrive TO100. Designed for use with guitar, bass or keyboards, and so affordable – you'll want one for your rehearsal room, the stage, the studio... Check out the TO100 at your local **BEHRINGER** dealer today – or order one from your favorite online seller.
