# Installation

1. Install the **Pulse** application if you don't already have it. **Pulse** is a cross-platformer desktop app that lets you download and install your libraries with blazing speed!

https://pulsedownloader.com/

2. Once **Pulse** is installed, open it and enter your **Cinematic Synthetic Drums** download code. Follow the instructions to download and install the library.

3. Finally, load the included **Cinematic Synthetic Drums** NKI in Kontakt. No activation is needed, as this is not a Kontakt Player instrument. You can also use the included WAV samples in any other sampler or DAW of your choice!
