

## GENERAL INFORMATION

### 1. DEAR MORLEY OWNER

You are about to use one of the finest effect boxes made. Morley products are designed for years of trouble free operation. To insure maximum satisfaction please take time to read this booklet which points out many features of this product, some of which may be new to you.

### 2. POWER SOURCES - battery and AC (mains)

All Morley effect boxes are designed to operate from one or two 9 volt (NEDA 1604A) batteries or an optional AC (mains) adapter. \* The battery can be installed by removing the 4 screws which hold the bottom cover in place. The adapter automatically disconnects the battery when it is plugged into the effect box, thereby prolonging battery life.

The adapter is more economical to use than batteries, however there are times when using the battery is more convenient. Morley therefore provides both capabilities.

### ABY

The ABY is a multi-channel switch that has been around for many years and has been used mostly in laboratories and by electronic engineers. Morley added the lights and found it so useful in our own work we decided to share it with our friends, the people who use Morley products.

Our particular version of the concept uses the lights to show which channel is on.

### 1. SOME SUGGESTED USES OF THE ABY SWITCH

Switching an amp output from one speaker to another or both.

Switching an instrument to either of two amplifier inputs.

Switching either of two signal sources such as two instruments, or an instrument and a recorded source to an amp input.

Can be used for comparison of performance of two components in listening tests or in electrical analysis.

Many more applications will undoubtedly be evolved by the musician or dealer who works this very handy device.

## WARRANTY

MORLEY BUILDS STATE OF THE ART PRODUCTS TO THE HIGHEST PROFESSIONAL STANDARDS OF QUALITY. THEREFORE, FOR ONE YEAR FROM THE DATE OF PURCHASE, MORLEY WARRANTS ITS PRODUCTS TO BE FREE FROM DEFECT TO THE ORIGINAL CONSUMER PURCHASER PROVIDED THAT:

1. THE PRODUCT HAS NOT BEEN DAMAGED OR ABUSED.
2. THE PRODUCT HAS NOT BEEN ALTERED OR REPAIRED BY THE CUSTOMER OR AN UNAUTHORIZED SERVICE CENTER.
3. THE SERIAL NUMBER HAS NOT BEEN ALTERED OR ERASED.
4. THE GUARANTEE CARD IS FILLED OUT, AND RETURNED TO US WITHIN 10 DAYS FROM DATE OF PURCHASE.
5. THE PURCHASER RETURNS THE PRODUCT TO US FREIGHT PREPAID IN THE EVENT SERVICE IS REQUIRED.
6. DEAD BATTERIES CAN LEAK DAMAGING FLUIDS WHEN ALLOWED TO REMAIN IN UNITS. MORLEY CANNOT WARRANTY DEVICES DAMAGED IN THIS MANNER. WE SUGGEST REMOVING BATTERIES IF EQUIPMENT IS TO BE STORED FOR LONG PERIODS.

ONCE THE ABOVE CONDITIONS ARE MET MORLEY WILL REPAIR OR REPLACE THE PRODUCT WITHOUT CHARGE TO THE PURCHASER FOR THE ONE YEAR GUARANTEE PERIOD.

- \* No less than 12 volts.  
See adapter requirements on bottom of unit.
