

DH 6223 Stethoscope Headphones

- Adjustable ear hook
- Lightweight
- Comfortable

Description

The DH 6223 are light-weight, stethoscope headphones for use where a delegate wants to listen to the interpreted language and at the same time, listen to the direct floor sound.

The headphones are extremely flexible and are comfortable to use, even during long meetings.

The 90 deg. connector is especially convenient for use with the DR 60xx Series of Digital IR Receiver.

Features

The DH 6223 has the following standard features:

- Comfortable fit
- Extremely flexible
- Delivers rich, crystal-clear sound
- Made for hours of indoor and outdoor use
- 90 degree stereo mini-jack
