EN 160318

End-User License Agreement (EULA)

Do not use this product until the following license agreement is understood and accepted. By using this product, or allowing anyone else to do so, you are accepting this agreement.

This End-User License Agreement (EULA) represents the contractual conditions between you, the Licensee, and UVI, located 159 rue Amelot, 75011 Paris - France for the use of software, documentation and other materials created by UVI.

You should not register, install or use UVI Products until the following license agreement is understood and accepted.

By using UVI Products, or allowing anyone else to do so, you are accepting this agreement.

A- License Grant

1. UVI grants to you, subject to the following terms and conditions, the non-exclusive right to use each authorized copy of the Product.
2. UVI Product license are granted only to a single user. You may use this product on up to three separate computers or iLok Dongles, which shall be owned and used by you exclusively.
3. Renting or lending the licensed Software to a third party is expressly forbidden.
4. Except if otherwise stated within this EULA, Licensee may resell the software to a third party or transfer the software permanently. Request may be done using the 'Transfer License' feature in your iLok account, subject to a \$25 fee per-license (\$50 maximum) by Pace. The serial number of the Product will be transferred to the third party by UVI, and Licensee's original registration will be deleted.
5. Resale or ownership transfer of individual products obtained in a bundle, or those used to upgrade or cross-grade to other products are not allowed.
6. UVI allows you to use any of the sounds and samples in the products you've purchased for commercial recordings without paying any additional license fees or providing source attribution to UVI.
7. This license expressly forbids resale or other distribution of the sounds and software included in the Product or their derivatives, either as they exist on disc, reformatted for use in another digital sampler, or mixed, combined, filtered, resynthesized or otherwise edited, for use as sounds, multi-sounds, samples, multi-samples, wavetables, programs or patches in a sampler, microchip or any hardware or software sample playback device. You cannot sell the Product content or give it away for use by others in their sampling or sample playback devices.
8. In the event UVI terminates this agreement due to your breach, you agree to return the original and all other copies of the software and documentation to UVI.
9. UVI reserves all rights not expressly granted to herein.

B- License Activation

1. In order to use UVI Products it is required that you authorize them by registering your Serial Number on uvi.net/register, have a free iLok account (not necessarily a dongle) and install the free iLok License Manager (done automatically by UVI Workstation and Falcon installers). It is impossible to use UVI Products if they are not registered and authorized.
2. During authorization you will need to enter your name, email address and postal address which will be stored in the UVI database. UVI uses a secure SSL connection with 128-bit-encryption that meets current security standards to transmit your data over the web. For further information about UVI's handling of personal data please see: <https://www.uvi.net/privacy-policy>
3. The UVI Product license allows up to 3 simultaneous activations on any combination of iLok dongles and computers. Activations can be moved between devices at anytime through the iLok License Manager.

C- Protection of Software

You agree to take all reasonable steps to protect the Product and any accompanying documentation from unauthorized copying or use. You agree not to modify the Product to circumvent any method or means adopted or implemented by UVI to protect against or discourage the unlicensed use or copying of the Product.

D- Ownership

Ownership of, and title to, the enclosed digitally recorded sounds (including any copies) are held by UVI. Copies are provided to you only to enable you to exercise your rights under the license.

E- Term

This agreement is effective from the date you open this package, and will remain in full force until termination. This agreement will terminate if you break any of the terms or conditions of this agreement. Upon termination you agree to return to UVI all copies of this product and accompanying documentation and destroy any other copies made.

F- Restrictions

Except as expressly authorized in this agreement, you may not rent, lease, sub-license, distribute, copy, reproduce, display, modify or timeshare the enclosed Product or documentation.

G- NFR Serials and Free Products

UVI Products serial numbers labeled as "NFR" (Not For Resale) shall only be used for demonstration, testing and evaluation purposes. NFR Products may not be used for commercial purposes, and may not be resold or transferred. They are not eligible for license recovery and are exempt from update, upgrade or crossgrade offers, and cannot be purchased with or exchanged for vouchers. Furthermore, as an owner of an NFR Product, you are not entitled to promotions available for the commercial version of the Product.

H- No Support Obligation

UVI will make its best effort to support you in the event of technical difficulty with a UVI Product. However, UVI is not obligated to furnish or make available to you any additional information, software, technical information, know-how, or support.

I- Specifications and System Requirements

All technical specifications of UVI Products provided are intended to be estimates or approximations. Due to numerous variables no guarantees of compatibility or performance can be made. All such specifications shall be in writing. End-User is solely responsible for, prior to purchase, ensuring that End-User's devices are compatible and meet the system requirements for UVI Products, and that the applicable UVI Products meet End-User's requirements.

This EULA is governed by the laws of France.

Introduction

PLUGSOUND PRO

An Award-Winning Library of
High Quality Contemporary Instruments

PlugSound Pro delivers over 8 GB (compress to 4GB by advanced lossless technology) of instruments, loops and phrases. PlugSound Pro includes all of the sounds from the original PlugSound Box with enhanced presets and an entirely new Classical section featuring a wide range of acoustic instruments.

Minimum System Requirements

- UVI Workstation 2.5.12+ or Falcon 1.0+
- 4.3GB of disk space

For more information on the installation process, please refer to the document: [Soundbank Installation Guide](#)

Interface - Instruments

1 ▶ Flavor

This panel shows details and images for each soundbank

2 ▶ Amplitude

- » **VEL**
Adjust the filter velocity sensitivity
- » **ADSR**
Attack, decay, sustain, release controls

3 ▶ Filter

- » **Filter Type**
Multimode filter can be set to low-pass [LP], band-pass [BP], or high-pass [HP]
- » **ENV**
Depth of the filters EG
- » **CUT**
Filter cutoff frequency
- » **RES**
Filter resonance amount
- » **VEL**
Adjust the filter velocity sensitivity
- » **ADSR**
Attack, decay, sustain, release controls

4 ▶ Drive

- » **On/Off Switch**
- » **Amount**
Sets the drive amount

5 ▶ Play

- » **Polyphony**
Number of keys that can sound at once
- » **Monophonic**
Override polyphony - one key sounds
- » **Glide**
Severity between note transition
NOTE: only works within Monophonic
- » **Velocity Curve**
Adjust the play velocity sensitivity

6 ▶ LFO

- » **Type**
Select from square, triangle, etc.
- » **Rate**
Set the LFO speed
- » **Depth**
Place LFO variance from low to high

7 ▶ Transpose

- » **Bend**
Pitch levels assigned to the modwheel
- » **Semitone**
Medium-level transpose
- » **Finetone**
Transpose in cents
- » **Drive**
Adjust the overdrive amount of the Bit Crusher effect

8 ▶ Pitch Env

- » **Depth**
Establish the intensity of the pitch change to occur
- » **Time**
Establish the time it takes for the pitch envelope to complete

9 ▶ Modulations

- » **Pitch, Pan, Filter, Amp**
Apply modulations, including envelopes, velocities, LFOs and more—set the ranges and rates for each modulation

Interface - Loops (slice)

1 ▶ Playback Behaviors

- » **Sample**
Loop/phrase plays like a regular sampler
NOTE: Half/Double speed does not work in Sample mode
- » **Stretch**
Sample length is not pitch-dependent. Loop/phrase starts at the beginning of the loop/phrase
- » **Slice**
Default mode
Ideal for percussive or strongly rhythmic samples which can be sliced into discrete sections. Slices of the sample can be played back in the original order, or rearranged to create new sounds.
NOTE: Sliced soundfiles can be switched to Stretch or Sample, but non-Sliced soundfiles cannot be switched
- » **Slice**
This will also change the audio drag & drop button to a MIDI button. When you press on it and drag, it creates a MIDI file that can be dragged to your host application or desktop. The MIDI file triggers the slices in their original order and timing, which you can then edit for new arrangements of the slices.

2 ▶ Controls

- » **Key, Tempo**
Key displays the root key for the loop/phrase, Tempo controls the loop's rate
- » **Coarse, Fine**
Adjust tuning in semitones or cents
- » **Sync**
Off: Loop/phrase does not sync to tempo
Tempo: Follow Tempo, but not position
Position: Tempo and position are followed. **NOTE:** Not available to phrases.
- » **Speed**
Adjust speed in relation to Tempo and Sync settings, Double-click to reset, Half/Double: Slow to 1/2 or 1/4; Speed to 2x or 4x of the assigned tempo, Fine works similarly, but with any rate value
- » **Latch**
The loop/phrase will play even after you release a controller key
Stretch/Slice: it will repeat indefinitely
Sample: it will play once, then stop
NOTE: hit the same controller key again to silence the loop/phrase
- » **Trigger**
Immediate: instantly triggers
Next Beat: triggers on beat
Next Bar: triggers at measure

» Slice Start

Provides a range from the first slice of the sample to the last slice

» Drag & Drop

Export raw wave, when Slice/Map is enabled exports MIDI map of sliced sample notes

3 ▶ Transport

Tempo editable via tap, click-drag, or manually entry via double-click, stop, sync-to-host, play

Interface - Loops (stretch)

1 ► Playback Behaviors

- » **Sample**
Loop/phrase plays like a regular sampler
NOTE: Half/Double speed does not work in Sample mode
- » **Stretch**
Default mode
Sample length is not pitch-dependent.
Loop/phrase starts at the beginning of the loop/phrase
- » **Slice**
pitch-shifts the sample when triggered above or below its root key, but keeps the speed of the sample constant.
NOTE: Non-Sliced soundfiles cannot be switched

2 ► Controls

- » **Key, Tempo**
Key displays the root key for the loop/phrase, Tempo controls the loop's rate
- » **Coarse, Fine**
Adjust tuning in semitones or cents
- » **Sync**
Off: Loop/phrase does not sync to tempo
Tempo: Follow Tempo, but not position
Position: Tempo and position are followed. **NOTE:** Not available to phrases.

» Speed

Adjust speed in relation to Tempo and Sync settings, Double-click to reset, Half/Double: Slow to 1/2 or 1/4; Speed to 2x or 4x of the assigned tempo, Fine works similarly, but with any rate value

» Latch

The loop/phrase will play even after you release a controller key
Stretch/Slice: it will repeat indefinitely
Sample: it will play once, then stop
NOTE: hit the same controller key again to silence the loop/phrase

» Trigger

Immediate: instantly triggers
Next Beat: triggers on beat
Next Bar: triggers at measure

» Start

Define where the sample will begin within the soundfile

» Drag & Drop

Export raw wave, when Slice/Map is enabled exports MIDI map of sliced sample notes

3 ► Transport

Tempo editable via tap, click-drag, or manually entry via double-click, stop, sync-to-host, play
